PROVIDING SPECIALIST KNOWLEDGE AND ADVICE TO FELLOW ACTIVE WHEELCHAIR USERS LOOKING TO GET THE MOST OUT OF LIFE.

WHY GRX LIFE?

We're built on the foundations of over 16 years' experience in providing truly bespoke wheelchairs, customised to you as an individual. We have first-hand experience in understanding just how important the setup of your wheelchair is, today as well as tomorrow.

Our product portfolio is made up of a carefully selected range of solutions from all over the world. Each one has to meet our own expectations when it comes to performance and build quality.

Our modern and flexible way of working is totally client focused so that we can provide the best possible service at a time that suits you.

## TAILORED ASSESSMENTS, AT A TIME AND PLACE THAT SUITS YOU.

We need to get to know you a whole lot better if we're going to help you find the best wheelchair that fulfils your exact requirements and expectations.

Our aim is to look at the bigger picture of how your chair fits into your life. The environment you use your chair in has a huge influence on its overall setup. That is why we prefer to do all of our assessments in situ, so that we can experience and see first-hand what is important to you.

As we offer the option to book an evening or weekend appointment our assessments are flexible enough to fit into even the busiest of schedules.

## A WHEELCHAIR REVIEW

All of our circumstances change over time, therefore our chair setup should evolve too.

If you are concerned that your existing chair is no longer meeting all of your needs then maybe you should consider booking a FaceTime or Skype session with one of our specialists.

We can quickly and efficiently get a much better picture of what is going on and provide advice on how to get things resolved. All too often we find that a few small tweaks can really make a difference, so don't suffer in silence, but get in touch!
